about us

f-BLOK architecture is an architecture and interior design studio based in Winnipeg, MB. Our group shares a common interest in the built environment, emphasizing place-making that is inclusive, meaningful, and respectful.

We are a young firm with a lot of ambition and room for growth. f-BLOK will be a different company in a few years because you are going to help change it for the better.

We are looking for a **Graphic Design Summer Student/ Recent Grad** to join our team. The graphic designers' role will be two-fold: 1) working with our Marketing Lead to create graphic material to tell our brand story across various platforms (website, social media, brochures, proposals, swag, info-graphics, etc.); and, 2) providing graphic design on architectural and interior design projects, including the design of graphic elements such as signage, wayfinding, wallcoverings, etc. as well as in visioning and telling the design story/ concept.

We invest in people that are reliable, adaptable, collaborative, and passionate about design. More importantly, they should be enthusiastic about having fun and pushing the creative boundaries of both themselves and their colleagues. We are open to extending the position beyond a summer term with the right candidate.

Full-time, non-term employees have access to comprehensive benefits, including our health spending account and wellness spending account. Additionally, employees are eligible to participate in f-BLOK's profit-sharing plan.

about the position

- Working as part of a collaborative marketing team and alongside architects and designers.
- Play a key role in the visual identity and branding, including, but not limited to all firm marketing material.
- Contribute to a variety of projects, including but not limited to digital media, print collateral, presentations, etc.
- Adapt design styles to match the brand, architectural projects, and client preferences.
- Contribute to the overall culture and trajectory of the firm.
- Opportunity for content creation, contributing to the development and production of marketing collateral and online content for social media and website.

Our foundational values were generated by the firm leaders and founders, and they articulate the values we hold as a firm and as an organization.

Feel free to hold us accountable to these values when you believe the firm is acting out of sync with them. We also welcome any ideas for ways we could more fully enact on them.

adaptable

We are adaptable and are comfortable navigating ambiguity. We translate problems and ideas into actionable processes and solutions. Our process relies on open, candid dialogue to understand the core of the problem we are solving.

growth

We actively analyze, reflect, and improve upon existing approaches, systems, and solutions. We embrace questioning, feedback, and have a growth mindset. We will never settle in our pursuit—as individuals and as an organization—to learn, drive out inefficiencies, and redefine boundaries.

inclusionary

We believe in the power of multiple perspectives and lived experiences. We work to bring these perspectives to the decision-making table and create environments that are inclusive, constructive, meaningful, and respectful.

building

Our ideas are not precious. We share, sketch, debate, and build upon them—internally and with expertise and community beyond. We have a responsibility to connect ideas, people, and policy makers, and create conversations on how we build a better world. Our work is bigger than us.

foundational

Our organizational values were generated by our team in 2021. They are intentionally spoken in the first person. We hold each other accountable to the values stated below, and when needed, we remind each other of these commitments.

I ask questions to learn and listen to understand.

I begin with trust and provide an unguarded approach.

I uncover purpose and forge intentional solutions.

I value input and advocate for differing perspectives.

I adapt my role for the success of the team.

I take initiative, and work through challenges.
