

Interior Designer

about us

Founded in 2015, f-BLOK architecture is a Winnipeg-based architecture and interior design studio serving clients across Canada. Led by principals B.J. Fehr and Candace Karhut, our team of 16 architects, interior designers, and technical professionals delivers full architectural and interior design services from concept through construction. Our work is grounded in technical precision, interdisciplinary coordination, and a clear focus on how buildings perform for the people who use them.

Across the board, we value highly collaborative people - who work with an open mind, who can deconstruct problems on the fly, who will simultaneously be inventive, iterative, and have the fortitude to see the work through in an efficient way. Fundamentally, we look for teammates who embody f-BLOK's Core Purpose and Organizational Values and who will push us to grow and be better for it.

Perks? We've got those. All full-time team members enjoy comprehensive benefits, including health and wellness spending accounts. Plus, everyone is eligible to participate in f-BLOK's profit-sharing plan—because great work should be rewarded.
